

Job Description

Job Title: Project Director

Location: Berkshire and Wiltshire

Department: Delivery

Position Reports To: Delivery Director

Company Overview

Gigaclear is a fast growing, game changing builder and provider of pure fibre broadband services to residential customers and businesses in England. We have an ambition to make a significant difference to the broadband landscape in rural England and improve our customers lives through the provision of world class broadband services.

Purpose of the job

The Project Director will be accountable for end to end delivery of the network build programmes which deliver fibre to the premise infrastructure within their region. They are responsible for managing and developing the delivery team—which will include Gigaclear personnel, subcontractors and other third parties.

Key Accountabilities & Responsibilities

- Own and take pride for designated network build area, be the face of the delivery programme in their community
- Ensure strong and robust programme and project systems are in place for assurance of delivery
- Key accountability for required quality standards and ensuring operating in compliant way
- Drive Network Build schedules to deliver on time and within the parameters of the business case
- Manage all relevant stakeholders including large civils and fibre contractors, local authorities and central government
- Frequent site visit sites to solve problems, support team members and check quality
- Provide day to day advice to project managers, subcontractors and other third parties on all Network Build issues
- Contract management and performance reviews with all contractors and suppliers
- Responsible for managing all programme risks and budgets
- Manage relationships, on behalf of Delivery, with all other departments

Knowledge & Skills

- Proven experience of delivering major programmes of work on time, on budget and to the required quality
- Ability to plan, coordinate and communicate the ongoing build plan with those involved effectively and confidently
- Ability to quickly assimilate information and innovate to find solutions that improve delivery performance—both in individual projects and across the entire program
- Be an inspirational leader, driving performance and engendering an ethos of continual improvement within a high performing team
- Effective stakeholder management
- Commercial mindset, proven ability to seek out, manage and influence colleagues, contractors, suppliers and other stakeholders to ensure success
- Experience of Telecoms or Utilities preferred, major fibre rollout experience highly desirable

Qualifications & Accreditations

The right candidate will have equivalent and proven success in a similar role with a measurable track record.

Our Values

- We are effective and passionate in what we do
- We are speedy and responsive to colleagues and customers
- We are clear and open with all
- We deliver a transformational experience
- We are in a shared endeavour and will succeed together

This job description is not intended to be exhaustive. The post holder will be expected to adopt a flexible attitude to the duties which may be varied (after discussion), subject to the needs of the business and in keeping with the general profile of the role.
