

Software Engineer

Join the brand that is transforming rural areas with ultrafast full fibre broadband. We're the team where talented people are encouraged to thrive and enhance their career.

Powered by brilliant people with bright ideas, we want to hear yours. Our success is driven by your creativity, collaboration and commitment.

The core aim of the Development Team is to provide departments across the business with the software they need to work as effectively as possible. This means innovation, automating manual tasks or exploiting cutting edge technology to deliver value back to the business like the Lidar vehicle we have harvesting 3D geospatial data around the country or the use of AWS Cloud infrastructure to deploy our projects.

As a Software Engineer, you will have the opportunity to develop critical systems for the business using the most recent technologies available. We will support you in fulfilling your potential and you will benefit from training and development from our experienced and expert Software Engineers.

You are ambitious, an expert in your field with the tenacity to succeed. You will be able to demonstrate the essential criteria whilst bringing your own passion and ideas. Some of the key skills you will possess are:

- Experience on software development preferably with C# or Python
- Experience implementing REST APIs
- Experience with UI development
- SQL experience (preferably PostgreSQL and/or MySQL)
- Passionate about building quality software
- Experience with containers and cloud technologies (Kubernetes, Docker, AWS and others)
- Experience with Linux development/management
- Experience with GIS

You share our values. They make us who we are:

- **Find a way:** Always working together to deliver market-leading solutions and provide customer service excellence to our communities
- **Be committed:** We are all accountable for our actions and work relentlessly with our many customers to deliver on our promises
- **Do the right thing:** We always base our decisions on what we believe is fair, considerate and in the best interest of our customers and our colleagues
- **Keep it simple:** In an industry of complexity and confusion, we make things easy for everyone to understand

Culture & benefits:

We empower people to do what they do best; fast. We want you to bring you, so we don't 'fence' anyone in to a single way of working. You will get the latest news through our staff magazine, Gigabites, and

monthly company updates (food can play a major part in this!). You are living and breathing our values, so your colleagues may nominate you for our Star of the Month award. If you win you get an extra day's holiday. Like us, you probably like to get a bit social too. We have a weekly running club, Gigaclear FC plus two company socials a year, and more.

On top of this we offer great benefits such as, Study Support, Income Protection, Life Assurance, Pension and 25 days holiday (plus bank holidays).

When you apply for this role please access the full job description in the account registration area.
